

ANTHONY RAYMUNDO

6299 144TH STREET UNIT 157

PHONE:604-505-8704 •CELL: 778-926-8669 •E-MAIL: TYSONFIRAN20@GMAIL.COM

OBJECTIVE

For this job, I want to be a part of a fun and helpful team and work well with others to make each customer's visit fun and convenient. I also want to see how much work the company and its people need to do in order to run a successful store and create a fun and supportive community. With the experience I can gain from this job, I hope that I will become a more confident and social person which I would need to be able to go into many different lines of work.

SKILLS/STRENGTHS

- Quick learner: As long as I'm told what I need to do and it's explained well, I can do most tasks almost immediately and it usually take long for me to get good and the task either
- Patient: When needed, I can wait long periods of time without getting mad and I won't immediately get mad at most things but I would wait for it to settle instead or do something about it
- Good reflexes: I can react to events quickly and efficiently while still keeping a cool head
- Following instructions: I am not a great leader but I can follow instructions from others very easily without too much hesitation
- Geek: I am very passionate about gaming and have good knowledge about many of the great games it has as well as its community
- Independence: When I have to, I can still handle things on my own and make sure that everything will be okay for the customers and the team

EDUCATION

2014 - Present

Sullivan Heights **Secondary School**

- Currently taking Concert and Jazz Band where I play bass guitar. Also taking Choir and French for electives.
- Achieved award for excellence in French in grade 8 and excellence in Science and Math in grade 9. Also received a certificate for excellence in band in grade 7. GPA is between 3.0 and 4.0.
- Was in a badminton team in grade 6 and 7. Also joined a track & field team and a basketball team in grade 7.

WORK/VOLUNTEER EXPERIENCE

Summer 2015

BGC Engineering
Vancouver, British Columbia

Storage Organizer *Contact name: James Raymundo* *Contact info: 604-505-8704*

- Heavy lifting, organizing objects in a room, labelling objects

LANGUAGES

I am very fluent in speaking English as well as reading and writing in the language. I can also speak Tagalog well and understand the language enough to have conversations with most people very easily.

EXTRACURRICULAR ACTIVITIES, HOBBIES & INTERESTS

I have loved music for many years but I only started to play music starting in grade 6. Now I am able to play the bass guitar and am learning to play the acoustic guitar. I feel that playing music requires a lot of concentration and quick reflexes to use which I feel will make me an asset in your company. I also love playing a lot of video games ever since I was a kid and I feel that playing them has let me practice skills that could be great in the workforce. I have played games that required a lot of strategic thinking or quick reflexes or finding solutions to a variety of puzzles all of which requires a lot of concentration and I feel that all of these skills will make me a helpful asset for your company.
